Professional Summary

B.Tech Information Technology graduate specializing in Python Full Stack Development with hands-on experience in developing responsive web applications using Python, Django, React.js, and SQL. Skilled in frontend and backend development, REST API integration, and database management through academic projects. Passionate about software development, problem-solving, and building innovative technology solutions.

Technical Skills

- **Programming Languages:** Python, C, JavaScript
- **Frontend:** HTML, CSS, Bootstrap, React.js
- **Backend:** Django, Node.js, REST APIs
- **Databases:** SQL, MySQL, Database Design
- **Operating Systems:** Linux Basics, Windows
- **Tools:** VS Code, Git, GitHub, Microsoft Office 365
- **Soft Skills:** Problem-Solving, Team Collaboration, Adaptability, Time Management

Projects

GEMINO – AI Chatbot

React.js, Python, Firebase, HTML, CSS

- Enhanced an AI-powered chatbot with secure authentication and real-time response functionality.
- Implemented NLP-based conversational features to enhance user interaction and automated responses.

Counterfeit Medicine Detection System

Ethereum, Solidity, React.js, Node.js, Web3.js

- Built a blockchain-based system using Ethereum smart contracts and QR codes for medicine verification.
- Developed secure medicine tracking to improve verification and transparency.
- Integrated QR verification and digital watermarking for enhanced security.

Glowora – E-Commerce Website

Python, Django, HTML, CSS, Bootstrap, SQLite

- Built a full-stack e-commerce web application for skincare products using Django.
- Implemented user authentication, product catalog, shopping cart and order handling functionalities.
- Created responsive UI and integrated database-driven product and user management.

Certification Course

Advanced Python Full Stack Development

2025-2026

IPCS Global, Perinthalmanna

- Gained hands-on experience in HTML, CSS, JavaScript, Python, Django, React.js and Git workflows
- Developed and tested full-stack web applications using Django and React.js to improve frontend-backend communication.

Education

B.Tech in Information Technology (MEA EC)

2022 – 2026

APJ Abdul Kalam Technological University

CGPA: 6.7
